THIS LOOKS GOOD

BULLETIN FILING CASES.

The extension division of the Kansas State Agricultural College has prepared working drawings for a bulletin filing case which is coming into general use in county agent offices in that state. County agents who have been using this case speak highly of it not only as a convenience in keeping their bulletins in an orderly manner but also as effecting a wider and more efficient distribution of extension literature. Through the kindness of County Agent Leader Karl Knaus, we are able to furnish county agent leaders copies of these working drawings in connection with which is also furnished the following bill of material used in the construction.

BILL OF MATERIAL.

1 - 1" by 6" - $70\frac{3}{4}$ " --Front of frame.
1 - 1" by 10" - $70\frac{3}{4}$ " --Back of frame.
